

# Media Release for Students

---

Protecting the privacy rights of students is very important to The Kipling School. As part of their educational experience, your child may be photographed or recorded by the school in the course of school activities. Such photographs or recordings, along with artwork or other school assignments your child creates, may appear in campus newsletters and press releases, E-mails, school yearbooks, bulletin boards, presentations, and The Kipling School's website & social media sites (including, but not limited to, Facebook, Instagram, and Twitter).

This form serves the purpose of both informing you and requesting your permission for your child's image and/or work to be used for school related purposes such as those described above. The Kipling School will not publish online any personally identifiable information about your student except for first name and last initial, unless we seek additional specific approval to publish your student's full name. Students' full names may appear in publications not posted on the Internet.

Please Note: While The Kipling School will take all precautions to protect the safety and privacy of students, the school is not responsible for any photos or video footage taken by members of the media and free press. Parents will be notified in advance of any media events taking place on campus.

Please initial next to the permissions you choose, sign below, and return to the school.

\_\_\_\_\_ I grant permission for my child's image and/or work to be published or used for school related purposes described above.

\_\_\_\_\_ I do NOT grant permission for my child's image or work to be published or used in any manner, other than for display in the school building.

I understand that The Kipling School is not responsible for photos or video footage taken by members of the media and free press.
